ANSWER: **Yes****QUESTION 3**

Please share any additional ideas or priorities you would have as a state legislator to improve and protect Narragansett Bay and its watershed.

ANSWER:

As the state senator for a coastal district it's a priority to look at policies that impact both our coastline and the Bay to ensure they are working toward the same goals of preservation and protection. This means considering potential hazards from coastal storm damage that could pollute the Bay and its watersheds and balancing the development of our blue economy industries, for example.
